

Half day trip

Skybike + Paragliding

-Skybike: via ferrata+skybike+rappel
-Paragliding

NOT INCLUDED:

1. Snacks & others
2. Footage for the Skybike activity
3. Photos of paragliding activity

Itinerary

Morning departure is scheduled for 07:00 hrs from Cusco city. We go straight to the Skybike operation center. Here we will spend around 1h 45 minutes. There will be a group of 3 activities. Climbing a rock by metal ladders, skybiking and rappelling.

Then we go to the Mountain, our flight zone. It takes us 30 minutes more.

Upon arrival we get our gear ready for the activity. Briefing time by the pilot in charge of the group. We start flying and will be up to 10 minutes on the air. However the flight operation depends directly by

the pilot's decision. Pilot in charge has the power to cancel the activity if weather conditions are not safe enough.

Consider this activity might involve sometimes long waiting periods.

After flying, we go straight to Cusco city

INCLUDED:

1. Transportation roundtrip from Cusco city.
2. Tandem paragliding flight(Go Pro video included)
3. Skybike activity.
