## Full day tour

Private tour

Price based in 2 people minimum

### Half day /Full day tour Maras, Moray & tandem Paragliding flight

We depart around 08:00 hrs in the morning heading northwest from Cusco. The ride by car will be 1 hour long until we get to our first stop: Chinchero town. Here we will be able to buy some snacks & water for the day.

After this we go straight to the mountain (take off area) which is 15 minutes away. Upon arrival we will check again weather conditions. The waiting time before doing the tandem paragliding flight depends directly on weather conditions. Average waiting time is 1 hour. Prior our journey we will have a safety briefing. The tandem flight goes from 7 to 10 minutes. If you'd like to fly longer you should let us know. This has an additional cost and obviously depends on the conditions of the day.

Once we are done with the paragliding activity we take our car in order to continue our trip. Moray, an ancient archaeological site will be the first stop. Moray is located 35 minutes by car from the landing area. Then we go to the salt pans of Maras by car. This will be around another 35 minutes from Moray. Once we complete this visit, we head back to Cusco city. On the way back you can have a little stop in Chinchero town to learn more about the art of weaving handmade textiles.

In ideal conditions this tour can be made in just half a day but sometimes waiting for good conditions in order to paraglide takes longer than expected.

We would return in Cusco by 17:00 hrs approx.
